

Amendments to the Drawings

A proposed replacement for Fig. 3 is included herewith, wherein the text "Redirection Servlet" is replaced with "Redirector Servlet" at reference number 360. This change corrects a typographical error in the figure, and aligns the description of reference number 360 with its corresponding text in the specification. (See, for example, p. 14, lines 10 and 17 of the specification as originally filed.) No new matter is introduced with this correction.

Appl. No. 09/619,178
